Harjit S. Sajjan
Member of Parliament
Vancouver South

I send my best wishes to the guests and attendees of this celebration of the First Cirrus Training Centre held at the Pacific Professional Flight Centre on June 23, 2018, at the Boundary Bay Airport in Delta, British Columbia.

You should be commended for your work in promoting aviation knowledge and awareness to Canadian youth and around the world. Your reputation for training top quality pilots speaks for itself, now you are the first and only Cirrus Training Centre in B.C. and the West Coast of Canada. Taking on the responsibility of providing the training and the required flight experience required of aspiring commercial airline and pleasure pilots should not be taken lightly. Now there is this additional option and opportunity to learn to fly on the Cirrus planes, this would only be a great accompaniment in a pilot's career path.

Enjoy the special program for this celebration!

Sincerely,

A handwritten signature in blue ink, appearing to read 'Harjit S. Sajjan'.
